Problem	Submissions	Discussions
---------	-------------	-------------

You will write a program to read 3 integers and displays it right justified on screen.

Input Format

Your program will read 3 integers N.

Constraints

N will have at least 1 digit and at most 10 digits.

Output Format

Your program must display the numbers padded by zeros to the left. See sample input and output

Sample Input 0

```
123
1011
1234567
```

Sample Output 0

```
0000000123
0000001011
0001234567
```

Sample Input 1

```
1
123456789
999222
```

Sample Output 1

```
0000000001
0123456789
0000999222
```
